

When All This Is Over

Dm Bb
When, when, when all this is over
F
I'm gonna, gonna, gonna, gonna
C
gonna, gonna, gonna, gonna

Gonna get a bus to the station
Gonna ride a train across the nation -
Where?
To any destination

*There will be tea and cakes tea and cakes
Good handshakes good handshakes
See you in Wath -
Where? In Wath...
For a Cadbury's flake*

When all this is over
Gonna have a Jammy Dodger
Gonna slice some cucumber
Gonna eat my cake and have another

*There will be lots to scoff
Lots to scoff
All over the North
Make no mistake:
The ties are coming off
 (You what?)
I said the ties are coming off*

When all this is over
Gonna give a big box of love
Gonna wrap it all up
In a physical hug

Gonna smile and lark
With my mates in the park
Gonna take part in art
(You never!)
Yes I'm gonna take part in art - in the park for a lark

*Then when we've drunk the tea
And had a cake or three
We'll find more to scoff
Just you and me*
