

Jugglers

Here are 2 very famous painters. Can you name them? They are juggling with all the things that they use to practice their favourite hobby. Can you name them all? Which one is the canvas, the paintbrush, the pencil, the easel and the palette? Now, colour them in!

When you're done, you can cut around them, make a hole above their head and hang them up where you like.

It's your turn to draw yourself juggling all the things that represent you. Think about your hobbies, your special interests, a special collection, a pet that you love.
